Are you our new Policy Officer?

Nel careers

03 Dec. 21

Nel is a global, dedicated hydrogen company, delivering optimal solutions to produce, store, and distribute hydrogen from renewable energy. We serve industries, energy, and gas companies with leading hydrogen technology. Our roots date back to 1927, and since then, we have had a proud history of development and continuous improvement of hydrogen technologies. Today, our solutions cover the entire value chain: from hydrogen production technologies to hydrogen fueling stations, enabling industries to transition to green hydrogen, and providing fuel cell electric vehicles with the same fast fueling and long range as fossil-fueled vehicles – without the emissions.

About the position

The purpose of the role is to support and contribute to the proper functioning and enhancement of the Nel Market Development & Public Affairs function. The candidate will be expected to play an active role in supporting the team and assist in the development and roll-out of Nel's strategy vis-à-vis governments, politicians, public authorities and other stakeholders, who influence Nel's regulatory environment and the policy framework for renewable hydrogen.

Responsibilities

The candidate shall contribute to the implementation of Nel's strategic objective to create a favourable regulatory framework for renewable hydrogen. Within this framework the candidate is expected to:

- Monitor and report on relevant EU policy developments and news
- Analyse legislative documents and relevant studies
- Support the team inter alia in drafting position papers, responses to public consultations
- Preparing briefings and documents for a variety of purposes/audiences
- Assist and participate in relevant meetings, associations and fora
- Support on internal communication
- Administrative support and planning

Desired qualifications and experience

- Master with a focus on Energy/Environment related topic, Economics or Social Sciences (EU studies, Political Science, International Relations)
- 1-3 years of relevant experience in European affairs; knowledge and strong interest in the energy transition with a passion for renewable hydrogen
- Experience from policy analysis and writing
- Experience in advocacy and communication strategies is desirable
- Experience in project financing schemes and EU funding programs desirable
- Existing network with relevant European authorities in Brussels is a plus

Desired personal skills

- Excellent writing skills in English
- Solid analytical skills
- Clear communication skills
- Proactive and result oriented
- Ability to work independently and within a team
- Outgoing and trustworthy
- Ability to implement and deliver on schedule
- Good at working with remote teams and relationship

- Agile and flexible
- Ability to quickly adapt in / to different cultures

Closing date

Applications for this position must be received by 19/12/2021
