

## Global Financial Controller

Join a great company working with a strong sustainable footprint and evenly strong values.

*At Nel Hydrogen, our mission is to strengthen future generations by providing unlimited green energy. Using hydrogen obtained with renewable energy, we are helping the world convert from fossil fuels to emission-free fuels. At our Danish division in Herning, we currently have more than 190 employees, and we expect continued growth in years to come. Nel Hydrogen is a global pioneer in developing and producing hydrogen Fueling solutions - a market that is expected to continue growing in the coming years as the production of hydrogen-based cars, buses, and trucks is going to scale up.*

Would you like to be part of an exciting and dynamic work environment in a company whose mission is to provide future generations unlimited green energy? Are you motivated by optimizing and improving processes and collaborate with colleagues cross functionally? If yes, please come join our Fueling Finance team. Today we are 8 full time employees in the team, including one colleague in South Korea, with whom you will have a close collaboration. We have fun when we go to work while continuously focusing on developing and improving our ways of working and interacting with each other and our stakeholders.

**As our new Global Financial Controller your tasks and responsibilities will be to:**

- focusing specifically on our South Korean business, including preparation of reporting and budgets.
- being the contact person between the Finance Director and the local organization in South Korea.
- preparing analysis and assisting when expanding the Nel Fueling organization globally.
- Ensuring compliance with local specific tax, VAT and customs regulations.
- assisting the finance department in Herning during busy periods, such as monthly closing, budgets and forecast periods.

Furthermore, you will have an opportunity to participate in ad-hoc project work with ongoing focus on optimization and/or implementation of business processes.

**We are expecting you to:**

- have several years of experience as a Controller, Auditor, or other relevant experience
- have a relevant theoretical education such as HD-R, HA, Cand.merc. or similar.
- have a solid practical experience and a proven toolbox within controlling, monthly reporting and business analysis.
- have an in-depth knowledge of the Microsoft Office package, especially Excel.
- have experience with BI tools or Navision is an advantage.
- have experience from working with or auditing an international manufacturing or project-based company.

- being fluently in English; verbally and in writing.

**As a person we are looking for a colleague who:**

- is analytically strong and sharp with details
- is striving when working on tasks independently and efficiently to the finish-line.
- Has an interest in collaborating and communicating with colleagues cross functionally and cross cultures.
- Is positive, energetic and enjoys working in a team as well as individually

**Nel offers:**

We offer an exciting job with opportunities for both personal as well as professional development. You can expect \*flexible working hours and freedom to perform your work (\*since there will be a close collaboration with our Finance colleague in South Korea flexible working hours are expected).

Your workplace will be at the Nel Fueling Head office in Lind near Herning, where development and production of all Nel Fueling products takes place in our state-of-the-art facilities. You need to expect to be away for business travels to the Nel Korea office in Seoul on a quarterly basis and to have some flexibility regarding working time.

We have a super canteen and a great “staff club” arranging social activities for all who wants to join. We also have a good pension scheme with health insurance and other benefits.

**Apply:**

To apply, please send your cover letter and resumé to [recruitment@nelhydrogen.com](mailto:recruitment@nelhydrogen.com) If you need further information, feel free to contact Finance director Marcus Halland on +47 930 90 190.

**About Nel A/S – [www.nelhydrogen.com](http://www.nelhydrogen.com)**

Nel is a global, dedicated hydrogen company, delivering optimal solutions to produce, store, and distribute hydrogen from renewable energy. We serve industries, energy, and gas companies with leading hydrogen technology. Our roots date back to 1927, and since then, we have had a proud history of development and continuous improvement of hydrogen technologies. Today, our solutions cover the entire value chain: from hydrogen production technologies to hydrogen Fueling stations, enabling industries to transition to green hydrogen, and providing fuel cell electric vehicles with the same fast Fueling and long range as fossil-fueled vehicles - without the emissions.
